GRAVITAS TECHNOLOGY WITH CO-SPONSORS, TAMALE SOFTWARE AND CREDIT SUISSE HOST ITS FIRST ANNUAL IT TRENDS FOR 2007 AND BEYOND IN ALTERNATIVE INVESTMENTS

NEW YORK and CONNECTICUT, Oct. 30 — Gravitas Technology, Inc., a leading IT services firm specializing in the alternative investment community, today announced it will be conducting its first annual Upcoming IT Trends in Alternative Investments event on November 8th at the Indian Harbor Yacht Club in Greenwich, Connecticut. Joining Gravitas in bringing together industry leaders responsible for enterprise operations are co-sponsors Credit Suisse Prime Services and research management solutions firm Tamale Software.

Featured panelists for this year's event:

- Dana Cuffe, CIO, TPG Axon-Capital
- Jonathan Lindsell, Chief Information Officer, DB Zwirn and Co.
- Rafael Mayer, Principal, Khronos Capital Research
- Savvas Savvinidis, CFO, Graham Capital Management, LP
- Ulf Svensson, CTO, CQS Management Limited

Gravitas Technology's Director of Software Development, Mark Seaman, will moderate the event, leading the panelists in a discussion on key trends affecting an alternative investment firm's IT budget spending over the next 12-to-18 months including:

- Fund flexibility and its technology requirements
- Disaster recovery
- Risk management systems
- Pros/cons of outsourcing technology
- Investor due diligence
- Hedge Fund/Private Equity front and back office requirements

If you would like to inquire about attending this event, please email Courtney A. Fox at cfox@gravitastechnology.com.

About Gravitas Technology:

Gravitas Technology has worked with hundreds of financial services companies since its inception in 1996, and it has earned the reputation of being a proponent of IT outsourcing and a high quality service provider. Over the last year, it has delivered services to some of the largest and most prominent hedge funds in the industry, including several new hedge fund clients in the Greenwich and Stamford area to be announced soon.

Gravitas Technology combines substantial knowledge of capital markets, hedge funds, and private equity with expertise in software architecture/deployment and third-party product integration to develop custom

applications for any critical business function, including portfolio management, trade capture, prime broker reconciliation, data warehousing, P&L analysis, and reporting.

Gravitas works extensively in installing and integrating various third-party applications and systems, including order management/trade capture, portfolio management and accounting, market data, and risk management to help companies achieve straight through processing.

The company's unique white glove approach in servicing clients united with our holistic view of technology combines consulting, software and integration services has made us an established leader in the Alternative Investment Industry i.e. Hedge Funds and Private Equity Funds. Gravitas customers' include an impressive portfolio of financial services firms, including hedge funds, private equity funds, brokerage firms, investment banks and traditional asset management firms. The company's business offerings include the following:

IT Consulting Services
Custom Software Services
Integration Services and Disaster Recovery
